ENGINEER J. C. TRICE REPORTED MUCH WEAKER

Skin-Grafting Operations Abandoned, More Beneficiaries on State Pension and Amputation May Be Necessary

CONDITION NOW IS CRITICAL SITUATION

Was Severely Burned From Waist Down in Railway Accident Near Petersburg Last December-Many

Volunteers Have Given Skin.

After a game struggle to aid in his own recovery, and after his physicians had performed numberless grafting operations in the hope of so mending him that he might at least be able to ise from his bed and return to his family, J. C. Trice, the Louisa County engineer who was so terribly burned comber, has now, it is said, but a short leading the perturbation of the committee bearing on the perturbation of the committee of the following year, for the perturbation of the following year, for the perturbation of the following year, for the perturbation of the committee and the decrease of the following year, for the perturbation of the following year, for the perturbation was doubled, and it is still the same when they can. They do not compare the perturbation was doubled, and it is still that have keep thin with them so long, but of the following year, for the perturbation was doubled, and it is still that they were made to account for the committee will be made by the proposal that the one of the following year, for the perturbation was doubled, and it is still the works as absoluted as the proposal that they were unable to account for the following year, for the perturbation was doubled, and it is still the works as absoluted as the proposal that they were unable to account for the perturbation was doubled, and it is still the works as absoluted as the proposal that the same when they can the proposal that they were unable to account for the following year, for the perturbation was doubled, and it is still the work with the work on the perturbation of the farth perturbation was doubled, and it is still the work and the perturbation was doubled, and it is still the work and the perturbation was doubled, and it is still the work and the perturbation was doubled, and it is still the work and the perturbation was doubled, and it is still the work and the work should be a still the work and the perturbation was doubled, and it is still the work and the work should be a still that the work has been n an accident near Petersburg last De-

FROM WAIST DOWN
In the accident, which may cost him also life, Mr. Trice was burned from the waist down, hardly a square inch of unseared skin remaining. When begged that he be allowed to die, so intense was his suffering. He was relieved to some extent of his awful agony, and as soon as possible grafting operations were performed. The family soon became financially exhausted, and their difficulty was made

MORE BENEFICIARIES

THAN EVER BEFORE

The reliet fund of the Virginia Division, which is supported by the chapters the segregation of the council to disregard the segregation ordinance is required to complete the bargain. If the sale is effected, the white contributions have failen short, a contibutions have failen short, a condition, it is said, which is not due to lack of interest, but to the fact that the chapters think the appropriation from the State sufficient to meet all appeals.

to provide for the negro consumptives in another manner. The organization which owns Pine

of four additional pavilions—two for white and two for colored consumptives. If this plan carries, the colored pavilions will be constructed at a distance from the white division, and will be conducted as a separate unit. The consumptives now at the City Home would then be transferred to the new colored pavilions at Pine Camp.

With the City Home thus emptied of all its inmates, there would be no further use for the plant, and the property would probably be sold. An adjacent, cemetery, it is understood, would in that event, be one of the bidders, with the probability strong that the rambling collection of old build-ings which yow form the City Home will before long be torn down and the

Although the bond issue contained an appropriation of \$25.000 for the city farm, the amount available is only a little more than \$25.000. The shrinkage was caused by the discount rate at which the bonds were sold. If the subcommittee decides upon the selection of a suitable property to-night, a special meeting of the Public Utilities committee will probably be called to take action on the subcommittee's report.

An effort will be made by Chairman Mills, of the Public Utilities Committee, to bring the recommendation for parents-in-law, who have steadily it.

Mrs. Hall spent some time in Riel mond with relatives on Venable Street and afterwards went to Buckingha

two additional pavilions for white surferers from tuberculosis. The plant is worth approximately \$15,000, and is offered to the city without cost.

It will be present at the place of the component of the city without cost.
